

Effectively Responding to Homework Assignments

Gather information about the assignment

What do you need to know in order to answer the questions completely?

Terms and Concepts

Use your text to **look up terms** the instructor uses and **write the page numbers** on your assignment sheet.

Tasks and Action Items

Look at the **verbs (action words)** your teacher uses and let that determine how you answer the questions.
(see A-List handout)

Display knowledge and insight

Make connections between your observations and concepts from the text.

Include **specific examples**.

“[Observation] is an example of [term or concept] because [reason/explanation].”
